The responses of the local churches towards autonomy from their mission societies, their witness and outreach will also be examined against the broader canvas of the historical processes within and without the country that impinge on the life and work of the Malaysian Church. Selected examples of how the mission bodies and their local churches responded to the socio-economic and political realities of the country will also be discussed. In addition, there will be a thematic study on Christian mission and the state in Sarawak and a biographical study of a Christian personality.
